Hi there,

Thank you for your patience while I sent change in mortgage payment information out to you.

Everyone should have received their new payment information. We are looking for four (4) new cheques for February, March, April, and May. Families can drop cheques off at Oak Street ReStore or I can swing out to Bakerview to collect cheques on Thursday, January 27th. (yes, the exterior light at unit 101 will be on until then). Why only four (4) cheques – it is our goal/hope we will not need to delay further.

Krista, our Finance Director is in the final stages with our lawyer working on the land covenant. This work will then be presented to the District of North Saanich for final approval. Central Saanich and Saanich will then follow.

This evening Yolanda presented the mortgage model we've been working on to our Board of Directors. There is still more work to be done but we have made significant progress.

This Friday is Yolanda's last day with the organization. Krista and I will work with a Board subgroup to further finalize the mortgage policy and deliver to you. A good reminder that your credit needs to be in tip top shape when we move forward with Vancity. Large credit based purchases should still be avoided at this time. If you have questions regarding large credit based purchases please let me know.

Sincerely,

Tiffany Gates
